

North East Wind

Renewable Energy from ACEN

Indicative Wind Turbine Development Area (7 March 2026) North East Wind

This visual representation of the North East Wind project is being provided for consultation purposes only

The Wind Farm development is not final and subject to change. Wind turbine locations will be further investigated and refined based on:

- Engagement with landholders and stakeholders.
- Surveys, including ecological, cultural heritage, and geotechnical.
- Engineering and technical design.

Indicative Wind Turbine Layout	Non-involved Dwelling (2km Buffer)	Tebrakunna Visitor Centre	Ramsar Site
North East Wind Major Project	Tomahawk Township (3km Buffer)	Musselroe Wind Farm Turbines *Indicative	Existing 110kV Transmission
Indicative Wind Turbine Development Area	Musselroe Windfarm Existing Substation	Reserved Land	Watercourse
Indicative Wharf Location	Mt Cameron View Exclusion Zone	Future Potential Production Forest	Major Road
	Private Timber Reserves		Minor Road
			Railways
